

ADDENDUM #1

RFP P&R 25-03 – Consultant/Project Management Service – Arena Slab Replacement

The following companies attended the mandatory site visit and are eligible to submit a proposal:

- Polar Engineering
- Accent Refrigeration
- MCW Consultants
- RJC Engineers
- McElhanny
- AME Group

There was discussion at the site visit of a potential change to the dimensions of the player's benches, however we are no longer looking to change the dimensions. We do want the benches upgraded, but the dimensions of the area will not be changed.
