

ADDENDUM #4

Tender No. ENG 26-03 – TOE Esquimalt Rd Phase 2 – Active Transportation and Underground Utility Renewals

Please note the following Clarifications, Questions and Answers for the above noted Tender is to be known as Addendum #4. Bidders are to reference receipt of Addendum #4 in their submission.

Bidder Questions and Township Answers:

Question #1: Drawing E01, Electrical Notes, Electrical Material Specifications, Note 7 specifies an Econolite TS2 Type 1 Plus-G cabinet complete with a 16-channel detector rack and 16-position back panel. Can the Township confirm that the intent is to provide a 16-channel back panel with 16 available load pack positions? This differs from cabinet configurations supplied by Econolite on previous projects.

Answer #1: The intent is to have a 16 CH back panel with 16 available load packs to allow for additional phases in the future if required such as protected right turn phases or bike phases.
