THE LAND OF SHOALING WATER

- > The area now known as Esquimalt has been inhabited by Coast Salish First Nations for over 4,000 years.
- > Esquimalt (pronounced Ess-KWY-malt) is an anglicized version of the $\text{lək}^w\text{əŋən}$ word “es-whoy-malth,” which means the place of gradually shoaling waters.
- > Year of incorporation: September 1, 1912.
- > Esquimalt is home to close to 18,000 residents.
- > Esquimalt boasts a diverse business landscape, from a bustling graving dock and light industrial enterprises to offices to breweries and a variety of local businesses.
- > Esquimalt has over 40 hectares of parkland, many of these parks overlooking waterways along the Strait of Juan de Fuca and the Gorge Waterway.

The Township enjoys over 30 parks, beaches and green spaces.

INTRODUCTION

Goal of the report

Mayor and Council develop and identify key projects and initiatives to be undertaken during the term of Council 2023 – 2026. The report is intended to outline the priorities and their progress.

What are council priorities

Council priorities outline areas of focus for the coming term. These priorities can be amended over time as some are completed and other needs arise. Any proposed new projects are evaluated on priority and costs—both financial and in staff time.

These priorities are in addition to existing operational tasks and approved capital projects.

The projects or initiatives in this plan fall outside of staff's day-to-day operational or service level commitments.

Generally, 90 per cent of staff effort is devoted to delivering on service level commitments, which leaves approximately 10 per cent of staff's workplan capacity for projects that are part of the Council Priorities Plan.

Services

The Township is responsible for delivering essential local services such as parks and recreation; sewer services; transportation infrastructure and fire protection. Land use planning, economic development and other policy areas impact how the township grows.

These services are part of staff's core service work and are included in the financial plan. Details about this work is summarized in the annual reports.

COUNCIL PRIORITY PROCESS

Council was sworn in on November 7, 2022 after the October municipal election. In December of that year, they began strategic planning sessions that included identifying areas of focus; drafting mission, vision and values; and assessing organizational strengths, weaknesses, threats and opportunities.

After a follow-up session, this draft was taken to the Committee of the Whole for public input in March 2023. After ratification in April and a housing workshop in May, Council finalized the list of priorities and projects.

The Council Priorities Plan represents Council's direction to staff; staff use this guidance to build their workplans and deliver the results that Council is seeking. While Council retains the flexibility to modify or update the Priorities Plan at any time, the aim of a structured framework is to establish a predictable rhythm

for governance review of Council's priorities throughout the year.

These projects may be adjusted to align with financial and departmental planning. Adjustments to the projects will be reflected in periodic updates of this document.

NOTE: Cllr. Darlene Rotchford resigned her position in October 2024 due to her new position as MLA for the Esquimalt-Colwood riding. Cllr Meagan Brame was successful in the April 2025 by-election.

COUNCIL PRIORITY PROCESS

Financial planning

Staff present a draft budget to Council and the public for feedback and adjustments in the spring. This budget outlines both operational needs and capital projects.

Council takes council priorities into account when approving the budget to ensure initiatives are responsibly funded. The resulting Five-Year Financial Plan provides funding for core services as well as the Council Priorities Plan. To keep Council, staff and community expectations aligned, it is important to recognize that Council does not normally add new projects or initiatives to the Council's Priorities Plan without understanding the required funding, staff resources, and impact to current commitments.

The Township has adopted a best practice where new or unfunded projects are referred to the Council Priorities Plan Refresh scheduled to occur each November. Staff would prepare decision notes for Council consideration that would include information about the potential projects (scope, budget, impact assessment, etc.) to enable prioritization of the new projects within existing plans and resources.

How do these priorities impact planning and work throughout the year?

The Chief Administrative Officer and senior leadership group then use these council priorities to develop operational strategies and work plans to support the direction set by Council.

The Period Financial Reports share budget variance updates, including insight on Council Priorities Projects. Progress is reported to Council and the public through Department Reports three times a year and is summarized in the Township's annual report published each June.
