Final decisions regarding the selection and acquisition of artistic works will be made by Council.

Sites for Owned Public Art will be identified through the Public Art Operational Plan.

Each artistic work that is being considered for selection as Owned Public Art may be evaluated according to the following criteria:

- Quality of work;
- Condition of work;
- Monetary and/or appraised value;
- Artistic reputation of the artist;

All offers of gifts, donations and bequests of artistic works will be reviewed by the Public Art Selection Committee with guidance from the Township’s Inter-Departmental Public Art Planning Team to assess artistic merit, site suitability and context, durability and maintenance requirements, financial implications and public safety prior to any acquisition, designation or installation as Public Art. Final decisions will be made by Council.

BORROWING AND RENTING OF PUBLIC ART:

All artistic works to be considered for selection as Borrowed Public Art may be evaluated against the following criteria:

- Quality of the artistic work;

- Suitability of the artistic work for display in a Public Space (e.g. size, subject matter);
- Condition of the artistic work;
- The Township’s ability to safely display the artistic work;

Proposals for Borrowed Public Art will be reviewed by the Public Art Selection Committee. Sites for Borrowed Public Art will be identified through the Public Art Operational Plan.

ACQUISITION AND SECURING:

The Township may acquire Owned Public Art through procurement or donation. Each acquisition will be accompanied by a maintenance plan that is supplied by the Artist or donor.

All donations must be unencumbered and the locations for donated artistic works will be subject to the Public Art Operational Plan. The donor of the artistic work must have legal ownership to the artistic work and will be responsible for meeting the Canada Revenue Agency

criteria if the donor wishes to receive an Official Receipt for Income Tax Purposes for the donation.

This process, which includes an appraisal of the artistic work at the donor's expense, to determine its fair market value, requires pre-approval of the Township's Finance Department staff.

The Township may decline to consider or accept any gift, bequest, or donation of art in its sole discretion. Final decision to purchase Public Art will be made by council.

The Township may secure Borrowed Public Art for display on a temporary basis.

Following the approval of a proposal, an appropriate agreement between the Artist and/or sponsoring organization and the Township will be executed. The Artist and/or sponsoring organization may be responsible for funding, installation, maintenance and timely removal of the artistic work, and restoration of the site.

AGREEMENTS:

INSTALLATION:

The Township is responsible for coordinating the installation of all Owned or Borrowed Public Art. The installation process will be identified, in advance, through the purchase, commission, donation, or exhibition agreement and may involve participation of the Artist and/or a contracted professional installer. The condition of all acquired artistic works will be evaluated upon receipt, and any problems found will be referred to the Artist for resolution, prior to installation.

INSURANCE:

All artistic works owned by the Township through purchase, commission and/or donation, are the property of the Township and are insured under the Township's Insurance Policies.

For all Borrowed Public Art, the Artist will submit proof, satisfactory to the Township, of insurance coverage for the artistic work, and/or a waiver freeing the Township from liability in case of accidental loss, theft, damage or vandalism. In addition, the Artist will submit a complete list of the displayed artistic work(s) which will include the title(s), dimensions, weight, medium/media, and if applicable, appraised value(s).

MAINTENANCE:

The Artist is responsible for developing a maintenance plan on a form supplied by the Township for each Public Art artistic work. The maintenance plan must be submitted to the Township for review and consideration along with the proposal to select the artistic work for acquisition. The complexity of the maintenance plan may vary based on the size, nature and material of the artistic work. Therefore, maintenance plans must also meet the satisfaction of the appropriate Township Departmental staff. Maintenance plans will include, but are not limited to, maintenance specifications, budget implications, manufacturer lists, and key contacts, including Artist.

The Township is responsible for the care and maintenance of the artistic work, in accordance with the approved maintenance plan. Parks and Recreation staff will monitor the maintenance plan. The appropriate Township staff will undertake an inspection of the artistic work according to a pre-determined schedule. Staff may, if deemed necessary, retain a qualified art restorer to undertake the inspection and maintenance work.

STORAGE:

When storage of Public Art, whether short-term or long-term, is required, the Township will ensure that such storage is appropriate. Whenever possible, existing Township and community resources will be used for the storage and management of Township's Owned Public Art.

DE-ACCESSION OF PUBLIC ART:

The Township may de-accession Public Art when necessary. All reasonable efforts will first be made to resolve problems or relocate the Public Art, in consultation with the Artist and/or donor, where appropriate. Reasons for de-accession include, but are not limited to:

- Endangerment of public safety;
- Excessive repair or maintenance;
- Irreparable damage;
- Site redevelopment.

In the event of theft, vandalism or accidental loss, the Township may determine whether replacement or de-accession of the artistic work is appropriate.

No artistic work will be de-accessioned and disposed of without consultation with the Public Art Selection Committee. Recommendations of the Public Art Selection Committee regarding the need for and method of de-accession will be made to Parks and Recreation staff. The de-accessioned artistic work may be moved, sold, returned to the Artist or destroyed, with any monies received through a sale allocated to the Public Art Reserve Fund. Final decisions will be made by Council.

PRIVATE ART:

Township staff will work with new and established businesses, agencies and other levels of government, architects, builders, contractors, and developers to identify opportunities for incorporating private artistic works into architecture, building and/or landscape designs of private infrastructure, or the layout of private open spaces, including private connections to adjacent public features (e.g. streets, bridges, road infrastructures, gateways, parks and open spaces), and related requirements for urban environments and streetscapes (e.g. requirements for light standards). Private sector developers should consider the integration of private artistic works into the design of private sites, including, but not limited to building facades, floors, ceilings, courtyards, or entrances and could include functional and decorative elements including, but not limited to benches, water features, and light standards.

MONITORING AND EVALUATION OF THIS POLICY:
