

Esquimalt's Bloomin' Beautiful Campaign is a platform for residents and businesses to show their pride in their properties.

Thank you to the 21 participants who have shared their properties to allow us to put this publication together.

We invite you to enjoy a self-guided — street view — tour of the properties. A map and address list is enclosed.

Please stay tuned for details on the Bloomin' Beautiful Open Garden Tours where residents will invite you onto their properties to learn more about their garden and landscape

Bloomin' Beautiful is made possible thanks to the generous contributions of the business community.
